In re Application of  
Darren Chermack  
Application No. 10/655,112  
Filed: September 4, 2003  
Attorney Docket No. N/A

Please accept this Petition for Reconsideration under 37 CFR 1.181 for my utility patent application.

The original Notice to File Corrected Application Papers was not received. The docket record contains a listing of each correspondence with the patent office.

I went to check on the status of my patent application on 9/22/2004 and to try and ascertain if it was waiting on anything from me or when I may anticipate a review. The reply I received gave no indication that the process was waiting for further documentation from me.

Enclosed please find these supporting documents:

- 1) Copy of docket record
- 2) Copy of reply to email inquiry of 9/22/04

Thank you for your assistance in this matter.

Sincerely,

Darren Chermack
